## DETAILED ACTION

### ***Allowable Subject Matter***

1. Claims 1-12, 14-28 and 66-70 are allowed (Claims 13 and 29-65 are canceled by Applicant).

2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-12,14-28 and 66-67 is the inclusion of the limitation of a metallic cup electronically coupled to the first electronically conductive member. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 68-70 is the inclusion of the limitation of a mechanical register at least partially received between the first conductive member and the second conductive member in an area defined between the first plane and the second plane. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
